Description : Description du produit Mister B. Gone marks the long-awaited return of Clive Barker, the great master of the macabre, to the classic horror story. This bone-chilling novel, in which a medieval devil speaks directly to his reader--his tone murderous one moment, seductive the next--is a never-before-published memoir allegedly penned in the year 1438. The demon has embedded himself in the very words of this tale of terror, turning the book itself into a dangerous object, laced with menace only too ready to break free and exert its power. A brilliant and truly unsettling tour de force of the supernatural, Mister B. Gone escorts the reader on an intimate and revelatory journey to uncover the shocking truth of the battle between Good and Evil.

Prsentation de l'diteurThe long-awaited return of the great master of horror. Mister B. Gone is Barker's shockingly bone-chilling discovery of a never-before-published demonic memoir penned in the year 1438, when it was printed one copy only and then buried until now by an assistant who worked for the inventor of the printing press, Johannes Gutenberg. Doug Bradley (Hellraiser's Pinhead himself), Barker's latest horror effort is brilliantly realized in this masterful reading. Bradley is inherently creepy as the narrator, one Jakabok Botch, or Mister B., detailing his demonic life in this journal, which he implores you not to read right from the start. His rich Liverpool accent adds to the insidiousness of Jakabok, who implores the reader to release him from the confines of the diary as it seems he is actually stuck in the very ink that fills the pages. Bradley's performance is so powerful and compelling, it's nearly impossible not to listen all the way through the first time around. Bradley speaks directly to the listener, creating a very uncomfortable atmosphere ripe for plenty of good scares. Bradley's tone and demeanor creates constant tension throughout, with random bursts of anger and rage sure to make hearts skip a beat in a thrillingly fun experience. AudiofileBetter known as Pinhead from the HELLRAISER films, Doug Bradley shines as the narrator of Clive Barker's new novel. Jakabok, a medieval demon plucked from Hell by a team of church-sanctioned bounty hunters, witnesses the atrocities done by men to men in the name of God, partakes in some of those atrocities himself, and ends up in 1438 Germany, on Johannes Gutenberg's doorstep. Pleading with the listener from the first line to burn this book, Bradley takes to the narrative with alarming ease, embodying the wit, sarcasm, and utter loneliness of the demon's first-person account. With his acerbic tone, British accent, and excellent comedic timing, Bradley captures both the creepy charm with which this long silent demon tells his story and the deep resentment that runs in his sulfur-filled veins.
